RESPONSE TO NOTICE OF ALLOWABILITY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

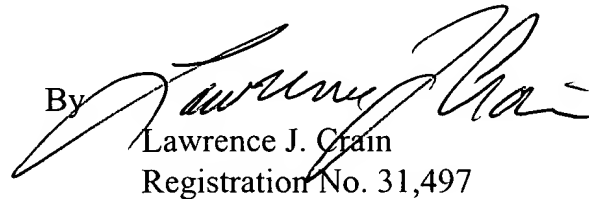

This paper is in response to the Notice of Allowability mailed on October 15, 2004 in the above-identified application. Upon receipt of the Notice of Allowability, Applicants' undersigned Attorney noticed that the Examiner acknowledged receipt of the papers filed August 13, 2004 and an Information Disclosure Statement. Two issues were left unresolved. The Examiner did not acknowledge receipt of the Israeli priority document and the claim for priority, as well as the Information Disclosure Statement filed with the

Amendment A on August 9, 2004. Upon a subsequent telephone conference with the Examiner held on October 27, 2004, the Examiner checked further in the scanned records of the PTO database for this application. The Examiner found the claim for priority, the Israeli Priority document, the Information Disclosure Statement with the PTO-1449 form, as well as the English Abstract for the Russian reference. Since the Examiner did not formally indicate consideration of these references, Applicants are resubmitting the Information Disclosure Statement with the Abstracts and the references for the Examiner's consideration and initialing. The Examiner acknowledged by telephone that he would review the reference in view of the above circumstances. In the event there are any issues remaining in this application which may be resolved by a further telephone conference, the Examiner is urged to contact the undersigned Attorney at the telephone number listed below.

Respectfully submitted,

GREER, BURNS & CRAIN, LTD.
